Information on the product supplied, dimensions, mass and appearance, correspond to our understanding at the time of printing (08/2026). The prices stated are the manufacturer's recommended retail prices. The stated prices include the applicable statutory value-added tax and, where applicable, other legally prescribed calculation factors or taxes, which may also be shown separately. Depending on the country, the listed prices do not include the costs for registration papers, delivery and transport unless expressly stated otherwise. We reserve the right to make changes to fittings, technical data, series equipment and prices. Please inform yourself about this from your authorized WEINSBERG dealer before purchasing. After conclusion of the contract, we reserve the right to make technical changes within the scope of the design, insofar as they serve technical progress and are reasonable for the customer. Minor colour and texture deviations are also reserved – even after conclusion of the contract – insofar as these cannot be avoided due to the material structure (e. g. colour deviations of up to approx. 2.0 dE between paint on sheet metal and paint on GRP/plastic) and are reasonable for the customer. Some images show options and extras that are not included in the standard equipment and can only be ordered at additional cost (optional extras). Also, some equipment featured is only found in prototypes or specific country models and does not correspond to the standard equipment, nor can they be ordered as an option or extra. Slight colour deviations between the illustrations in the brochure and the actual vehicle cannot be completely excluded for printing reasons. Therefore, before purchasing a vehicle, please seek comprehensive advice on the current status of the series from an authorised WEINSBERG dealer. The decoration shown in the catalogue is not part of the equipment supplied. Please also note the information in the current price list, in particular on weights, payload options and tolerances, which you can also find in our configurator under configurator.weinsberg.com. The optional extras selected will increase the mass of the vehicle. The comparison model is the floor plan of the CaraSuite, CaraCompact, CaraBus or CaraBus GREY series. For the edition models CaraSuite EDITION SPICY, the comparison model is the CaraSuite. For the edition models CaraCompact EDITION PEPPER, the comparison model is the CaraCompact. For the edition models CaraBus EDITION FIRE, the comparison model is the CaraBus. For the edition models CaraBus GREY EDITION FIRE, the comparison model is the CaraBus GREY. Please note that the indicated number of sleeping places may include both adults' beds and children's beds. The specified bed dimensions do not correspond to the mattress dimensions. The shape of the bed varies depending on the floor plan. Individual elements can partially restrict the area due to structural conditions. We therefore recommend that you consult your WEINSBERG dealer about the dimensions of the sleeping places provided in the vehicle so that you can decide whether they are suitable for the intended occupants (adults/children). Your WEINSBERG dealer will be happy to advise you. Reprinting, even in extracts, is only permitted with the prior written permission of Knaus Tabbert AG. Errors and omissions excepted. Transparency notice – AI support: Parts of this catalogue content were created, revised or optimised with the support of artificial intelligence (AI) systems.
