Information on the product delivered, dimensions, mass and appearance, correspond to our understanding at the time of printing (07/2026). We reserve the right to make changes to fittings, technical data, series equipment and prices. Please make every effort to be fully informed about these matters by your authorised WEINSBERG dealer before making your purchase. After a contract has been concluded, we reserve the right to make technical changes within the framework of the construction insofar as they serve technical progress and are acceptable for the customer. Minor colour and texture deviations are also reserved – even after conclusion of the contract – insofar as these cannot be avoided due to the material structure (e. g. colour deviations of up to approx. 2.0 dE between paint on sheet metal and paint on GRP/plastic) and are reasonable for the customer. Some of the illustrations show equipment features that are not included in the standard equipment and that can be ordered for an additional charge (optional equipment) as well as some equipment features of prototypes/studies that do not correspond to the standard equipment and therefore cannot be ordered as optional equipment. Slight colour deviations of the illustrations in the brochure from the actual vehicle cannot be completely excluded for printing reasons. Therefore, before purchasing a vehicle, please seek comprehensive advice on the current status of the series from an authorised WEINSBERG dealer. The decoration shown in the catalogue is not part of the equipment supplied. Please also note the information in the current price list, in particular regarding weights, payload options and tolerances, which you can also find in our configurator at configurator.weinsberg.com. Please note that the number of beds indicated may include beds for both adults and children. The specified bed dimensions do not reflect the actual mattress dimensions. Bed shape may vary depending on the layout. In some cases, structural elements may partially reduce the usable sleeping surface. We therefore recommend consulting your WEINSBERG dealer before making a purchase decision to discuss the dimensions of the sleeping areas in the vehicle and determine whether they are suitable for the intended occupancy (adults/children). Your WEINSBERG dealer will be happy to advise you. Reprinting, even in extracts, is only permitted with the prior written permission of Knaus Tabbert AG.
